Western Nevada Development District offers small community businesses loans through their Business Microloan Program. The goal of the program is to provide capital needed to encourage economic growth and support the establishment of new businesses and expansion of existing businesses to create jobs in Western Nevada. Authorized use of funds includes equipment purchase, lease improvements, machinery/supplies; business enlargement, repair, modernization, or development; purchasing and development of land, easements, rights-of-way, building, facilities, leases or materials; start-up operating costs and working capital. Loans can be made up to \$50,000.

For more information or for an application, please contact the Western Nevada Development District Office at 775-883-7333 X108 or X114.
